

District 10 Traveling Gavel Rules

The Traveling Gavel promotes visitation by the brethren between the lodges of the 10th Masonic District.

The rules as of January 9, 2021 are:

1. Can only be claimed by a District 10 lodge.
2. If a lodge wishes to claim the gavel, they must have 3 or more member visit the lodge that has the gavel on a stated or special meeting. The lodge with the most visiting members (minimum 3) will take the gavel back to their lodge.
3. If a lodge has the gavel for more than 2 months, they may get 3 of their members together and take it to a state/special meeting of another lodge in the district and present it to them.
4. If a lodge has the gavel and is going to be going dark for a period they should arrange for 3 members to visit another lodge and present the gavel so that it doesn't lay over while a lodge is dark.
5. In case of a tie, a flip of the coin will determine who claims the gavel.

Let's get the gavel moving again and start visiting the lodges in the district.

District 10 Traveling Gavel - Crafted by R.W. Bro. Donald Schroeder of Dresden Lodge #103.
